Washington County
Hazard Mitigation Planning Meeting

February 18, 2016 Meeting Minutes

In attendance: Darlene Lukshin, Washington County Community Development
Jeffery Harvey, JH Consulting
Taylor Jones, JH Consulting
Jeff Lauer, Washington County EMA
Shelly Stormes, Washington County EMA

This was the initial meeting with JH Consulting.

Jeff shared his thoughts on how to proceed with the updating of the HMP. He explained who he thought would be the individuals who would make up the Core Group. He stated to invite those individuals who could speak to county wide issues that could help with the plan.

Discussion took place as to how to get the word out for public meetings. Jeff suggested a report for the news media, flier on door, and using various websites. Important thing is that it is documented that the public was notified. Could screen shot computer screen, take picture, make copies...

At least two Core Group meetings will take place - the first committee meeting and a meeting to talk about projects. – Jeff will forward available dates for first meeting

Jeff H. assigned tasks...

- Project List of existing plan – start finding out if those projects are legit and if so where the project stands.
- Get any development plans of any source. Darlene mentioned getting with the Port Authority.
- Put out public notices, survey and comment forms. Taylor will forward the comment form.
Put 2005 plan in libraries with comment form – Barlow, Matamoras, Beverly, Washington and Belpre
